LITTLE STAR FOUNDATION

2010-2011

A Glimpse in the Life...

As a supporter of Little Star Foundation, you have touched the hearts and lives of children and families. You have brought hope and care and the ability for others to have support through agonizing and heartbreaking times of their lives.

Here is a glimpse in a few lives in which your help has made a difference.

“Tyler was diagnosed with brain cancer. Due to the radiation treatment, Tyler got scoliosis. While in his home, just turning broke the rods in his back intended to help with the scoliosis. As his dad describes, ‘The rods came out of Tyler’s back and meaty flesh and bone showed. The horror on all our faces beyond words. By the time we could get to the hospital and get the rods placed back in, a staph infection happened.’

“Tyler and his parents made sure their love and hugs to us could be felt by all involved with the foundation.

“A thank you coming your way as well from a boy and his mom—they have spent most of the last 14 years of the boy’s life in hospitals for treatments.

“How did we come to help a mom and her 4-year-old daughter? The little girl was playing in her backyard and fell down. A tumor was found on her spine. The girl is paralyzed from the waist down. One young girl with a high-level leg amputation shed tears of joy, and I thought she was going to jump out of her wheelchair on one leg when she heard we would provide equine therapy for her.

“A library of books could be filled with the stories of families we have helped together. Thank you. How we have made it over two decades is because of you and the miracles your help brings.”

We hope you continue supporting Little Star Foundation.

Hands

by singer/songwriter Jewel

If I could tell the world just one thing
It would be that we're all OK
And not to worry 'cause worry is
wasteful
And useless in times like these
I won't be made useless
I won't be idle with despair
I will gather myself around my faith
For light does the darkness most fear
My hands are small, I know
But they're not yours, they are my own
But they're not yours, they are my own
And I am never broken
Poverty stole your golden shoes
It didn't steal your laughter
And heartache came to visit me
But I knew it wasn't ever after
We'll fight, not out of spite
For someone must stand up for what's
right
'Cause where there's a man who has
no voice
There ours shall go singing
My hands are small I know
But they're not yours, they are my own
But they're not yours, they are my own
I am never broken

In the end only kindness matters
In the end only kindness matters
I will get down on my knees, and I will
pray
I will get down on my knees, and I will
pray
I will get down on my knees, and I will
pray
My hands are small I know
But they're not yours, they are my own
But they're not yours, they are my own
And I am never broken
My hands are small I know
But they're not yours, they are my own
But they're not yours, they are my own
And I am never broken
We are never broken
We are God's eyes
God's hands
God's mind
We are God's eyes
God's hands
God's heart
We are God's eyes
God's hands
God's eyes
We are God's hands
We are God's hands

The Importance of Equine Therapy Programs

The therapeutic impact of equine programs for children and individuals of all ages has been studied. It has proved to be effective and have long-term results. A leading researcher has stated, "Equine therapy is a therapeutic tool that makes a measurable and visible difference in basic skills that form the foundation of most fundamental activities of everyday life."

Physical aspects such as better head and trunk stability and improved control of arms, legs, feet and hands occur during activities and positive results are ongoing.

In addition, therapeutic horseback riding has a wide range of benefits for children and individuals with cognitive, emotional and social needs.

Medical professionals and therapists highly recommend equine therapy to patients. Families suffer from medical costs not covered by insurance, lost wages from caring for an ill child, travel costs to get treatment and the emotional toll of a debilitating, life-threatening disease and/or life altering condition. They cannot afford out-of-pocket equine therapy program costs, regardless of the enormous benefits.

Little Star Foundation's programs are provided to families at no cost. Equine therapy is an important program that we have provided for 20 years. We appreciate your continued help.

Equine therapy is a favorite among all ages.

Even the horses enjoy dressing up for special visits.

THE YEAR 2010 IS COMING TO A CLOSE and the Holiday Season has arrived. As challenging as the year has been worldwide, the power of faith, love, forgiveness and the kindness of others still exists.

We are all connected. We are all neighbors. We have the ability and choice in how we participate and help others.

Inside this newsletter are stories, words and pictures that inspire and provide insight. To quote a line from singer-songwriter Jewel, for 2011 and always, "In the end, only kindness matters."

Happy Holidays and Blessings
to You and Your Loved Ones,
Andrea Jaeger
