

Summer 2026

# LITTLE STAR FOUNDATION'S GOALS FOR GOOD™ CAMPAIGN

As Fans Cheer Goals,  
Andrea Jaeger launches  
Goals for Good™

During this summer's most iconic global soccer tournament, together we can unite the world for good and do something positive and important in the life of a child. Select \$1.00, \$5.00, \$10.00 per goal scored, more or any amount special to you to donate for every goal scored during the biggest international soccer tournament, played June 11 2026 - July 19, 2026.

**Play Goals for Good™ Today!**

"My Father taught me how to play soccer as a small child before I ever learned tennis. I joined a travelling boys soccer team and loved every minute of it. Soccer has been part of my life since I was a kid, and so has helping children with cancer and children in need," said Andrea Jaeger, President of Little Star Foundation. "Goals for Good™ brings those two things together, love of soccer and love of helping children. Whether you're watching from your home, office, or the sidelines anywhere, every goal becomes a chance to do something positive and important in the life of a child."

Goals for Good™ is a community-driven challenge—no affiliation with any league, team, or event organizers. Just fans and people doing good together. Let's turn goals into meaningful support in the lives of children with cancer and children in need. Goals for Good™ is a project of children's charity Little Star Foundation, and its founder, award winning former #2 in the world ranked professional tennis player, Andrea Jaeger. Together we can unite the world in a special way with every goal scored providing essential support, resources, and care for children with cancer and children and communities in need.

Below: Nelson Mandela came to visit and congratulate Andrea Jaeger at her U.S. Foundation headquarters for her children humanitarian projects. Andrea Jaeger during her #2 in the world pro tennis career.

I, Andrea Jaeger, know about sports and humanitarian work. The first sport I learned and played competitively was soccer. At the age of 14 I became a pro tennis player. Then, as a teenager during my tour stops, nationally and internationally, I loved on my own time and with my own pro tennis earnings, helping children in hospitals, schools and communities worldwide.

## How it works

### Easy 1 Step:

Choose the amount you want to donate for each goal and let us know at

<https://littlestardonations.org/goals-for-good>

### For example:

If you decide to donate \$10.00 a goal and 200 total goals are scored your donation would be \$2,000. To play this special Goals for Good project just go online at <https://littlestardonations.org/goals-for-good> and press \$1.00, \$5.00 or \$10.00 a goal button, or enter any amount you choose with your preferred method of payment. During halftime of the tournament, June 30th, your credit card will be charged for the amount you selected for total goals scored so far. Then when the last game and tournament completes on July 19th, your credit card will be charged for the second half of the tournament amount of total goals scored.

In the 2022 biggest international soccer event for men, held every 4 years, there was a record setting 172 goals scored in 64 games. This summer's 2026 biggest men's international soccer event June 11 - July 19 2026, will have a total of 104 games.

You can sign up online or by contacting Andrea Jaeger at [info@littlestar.org](mailto:info@littlestar.org).

Another way to participate is you can watch and total up your score and donate anytime securely on <https://littlestardonations.org/goals-for-good> or mail a check to:  
Little Star Foundation  
174 Watercolor Way Suite 103 #343  
Santa Rosa Beach, FL 32459

Billionaire Ross Stevens made recent headlines donating \$100 million so every American Olympian athlete competing in the recent Winter Games received a \$200,000 gift.

Together we can do more with sports and giving by helping children while cheering on athletes and playing Goals for Good™.

I donated all my pro tennis earnings to help children with cancer and others in need. Let's cheer, unite the world and help children together by participating in Goals for Good™.

Knowing God set a course on my life to help suffering children, I gave all my pro tennis earnings to help children with cancer and children in need. This 2026 year is my 41st year of helping children with cancer and children and communities in need. Together we can make a positive and meaningful difference in the lives of children while cheering on soccer goals scored. By collaborating with an award winning children's charity, Little Star Foundation, we become a greater winning team together providing essential resources, educational, therapeutic programs, financial assistance and daily, emergency and long term care.

As the first female recipient of the Jackie Robinson Humanitarian Award - Criteria: "Winner must demonstrate a concern for mankind and exhibit the qualities of dedication, grace under pressure, personal sacrifice, compassion, hope and dignity that characterize the promotion of human welfare and social reform," I am honored to team up with you to cheer, support and bring unity that combines sport, goodwill and Goals for Good™.

Another great opportunity about this is we can join together again next year to celebrate equal opportunity as in 2027 women athletes have their own biggest International Soccer Tournament similar to the men's event, also held every four years. The women will play 64 games in their 2027 tournament. They scored a total of 164 goals in 64 matches during their last global prestigious event held in 2023.

Score double the cheers, for double the goals and provide double the assistance by participating in Goals for Good for both the men's 2026 and women's 2027 iconic summer soccer tournaments.

For more information contact Andrea Jaeger at [info@littlestar.org](mailto:info@littlestar.org), or go to <https://littlestardonations.org/goals-for-good> and be a member of the Goals for Good™ team.

Teaming up with Goals for Good™ for both the thrilling men's and women's iconic international soccer tournaments held only every 4 years, is a chance to do something positive and important in the lives of children with cancer and children in need

Play Goals for Good™ at <https://littlestardonations.org/goals-for-good>

**My dad taught me how to play soccer at a very young age. I used to play sweeper position on a boys' team because there was no girl's team to play on. I loved every minute of it. My playing soccer with that boy's team helped me become the #2 ranked pro tennis player in the world at age 16.**

Children dream of what they want to be when they grow up. Boys and girls play sports and some compete in youth soccer games and leagues, on school teams and some go on to compete for their country in the world's biggest soccer matches. I grew up playing soccer with my Dad. My Dad learned how to play soccer as a young boy in Europe and he taught me everything he knew.

There were no girls soccer teams for me to play on so I joined a boys traveling soccer team. Each of those boys treated me as a true teammate. They all felt like brothers and we were a team together. I went on to play professional tennis and at the record breaking age of 16 I became the #2 ranked tennis player in the world in all of women's pro tennis. I represented my country proudly in tennis team competitions. Traveling to tennis tournaments with a soccer ball and helping children in hospitals, schools and communities while winning tennis matches was the norm for me growing up. Soccer continues to be a love of mine and for billions of fans around the world. The soccer and tennis pictures, left, ran in magazines and books globally. I still love playing soccer, tennis and helping children in hospitals, schools and communities.

We can do so much more than cheer for goals in the big games. We can help improve the lives of children with cancer and children in need in the host country of the United States of America and worldwide while we cheer for goals.

**Let's all be on the Goals For Good™ Team!**

May your life be filled with peace, love, joy, good health and goodwill! Donate towards the Goals for Good™ Project today at <https://littlestardonations.org/goals-for-good> or at Little Star Foundation's headquarters address to improve the lives of children with cancer and children in need. With gratitude and blessings to you, your family and loved ones, and appreciative of our special teaming up together for Goals for Good™!
